EDUCATION

Bachelor of Science in Computer Science (CO-OP)

Sep. 2022 – Dec. 2026

University of Ottawa

Ottawa, ON

- **GPA:** 4.0/4.0
- **Relevant Courses:** Python, Java, C++, Computer Architecture, Software Engineering, Data Structures & Algorithms

TECHNICAL SKILLS

Programming Languages: Java, Python, Javascript, Ruby, C++, Arduino

Web Technologies: HTML, CSS, Javascript, React, Rails, Bootstrap

Developer Tools: Git, Github, Bash, Android Studio, Firebase, VS Code

EXPERIENCE

Full Stack Developer

May 2023 – Present

University of Ottawa – CEED

Remote

- Maintained & implemented requested features for a **Rails** web app within a small team
- Utilized **HTML** forms and Rails controllers to create and update data within a **PostgreSQL** database
- Communicated with managers and supervisors on a weekly basis to **document various requirements**
- Followed & maintained **industry standards** with branching strategies, CI/CD, and staging/test servers

PROJECTS

Medihub | github.com/uOttawaSEGA2023/Medihub

Oct. 2023 – Dec. 2023

- Created a mobile Healthcare Appointment Management System which manages appointments between doctors and patients
- Integrated Firebase Authentication & Realtime Database in our app to simplify and speed up development
- Ensured app data updated in realtime without the need to refresh the app
- Collaborated with 3 friends with Github & integrated code review into our workflow with pull requests

File Share | github.com/Columbium41/HackTheHill

Mar. 2023

- Created a web application that lets users share files using **WebRTC P2P** connections
- Collaborated with 2 friends to conceptualize and complete the project in a short span of **36 hours**
- Utilized **Git** to work on and update different parts of code simultaneously on a Github repository

Maze Solver | github.com/Columbium41/Maze-Solver

Nov. 2022 – Jan. 2022

- Built a web application that allows users to customize, generate, and solve their own mazes
- Implemented various **pathfinding** and **maze generation** algorithms using **Javascript**
- Utilized **HTML Canvas** to display and render changes to the maze
- Deployed and tested the web application on **various screen sizes** and devices

LEADERSHIP

Computer Science Club Executive

Sep. 2021 – Jun. 2022

Centennial C.V.I

Guelph, ON

- **Organized & hosted** weekly events with other club executives
- **Recorded & published** online Data Structures & Algorithms resources for club members
- Helped **foster a community** of high students with interests in Computer Science

AWARDS

Waterloo CEMC CCC Distinction Award

Feb. 2022

Canadian Computing Competition Senior Division

Guelph, ON

- Competed in a national programming competition with **3,256** high school students
- Utilized various **Data Structures & Algorithms** in order to solve unique problems in Computing
- Completed the competition with a score in the **top 25%** of students
